What is the interest rate?

The interest rate depends on your account balance.

Receiving your interest

- We work out your interest daily. This is then paid into your account yearly (on the anniversary of your account opening).
- We'll also pay interest when you close your account.

Can Nationwide change the interest rate?

Yes, the rates are variable. That means we can change them, up or down.

Section 04 of 'Our Savings Terms and Conditions' explains when we can do this, and how we'll let you know.

You can also check our current rates in your branch, or online at nationwide.co.uk/savingsrates
