

Protecting you from fraud and scams

At Nationwide, we're committed to keeping you, your money and your data safe. With this in mind, here are some tips to help keep you and your Business Savings account safe from fraud and scams.

Making payments to us:

When you transfer money to your Business Savings account via 'Electronic Transfer', BACS or via an 'Online Transfer' you are asked to use the following payment details –

Sort code: **40-02-50** Account number: **01343556**

To help keep your payments safe, if we ever change our details we'll let you know by post. We'll also put the information on our website so you can check it anytime.

Please be aware that we'll never use email, SMS or phone to tell you our banking details have changed. If you receive an email text or phone call asking you to change payment details, do not act on it as it is a scam.

If you have concerns about fraud, contact us or check the website

Keeping your accounts safe:

- If something doesn't feel right, it probably isn't so you should give us a call;
- always take reasonable steps to keep your log-in details, passwords, security code and other security information secret at all times;
- you should memorise your passwords and keep them secret
- if you don't receive a statement or any other expected financial information, you should contact us immediately;
- you should check statements and transaction information regularly and alert us to any irregularities.
